

# **Personal Ownership and Security**

---

**We believe that all Americans should own and control their health care coverage and have the freedom and flexibility to take it with them when they change jobs. Hard-working Americans deserve the peace of mind to know that the care they need will be the care they receive and that their financial security will be protected from catastrophic events. Americans will achieve this security, and will receive better care if the health care system is highly personalized and guarantees patient control.**
